## PARKES 11 - 2 BERTH

The Parkes 11 is the latest addition to the range of compact offroad caravans from PMX.

We've listened to the feedback from our customers and developed a new van especially for couples looking to hit the tracks with a smaller van in tow that still has all the features you want for off-grid living!

The Parkes 11 is a 2-berth offroad caravan with a king-size bed, ample storage space and plenty of cupboards. This allows you to bring everything you need.

The pop-top style roof gives you a slimmer profile for towing, while also allowing for plenty of interior headroom when you're set up.
